

Let's talk strategy - developing & delivering coastal plans & policies

Bernadine Maguire
Senior Flood Risk Management Officer

A city of opportunity where everyone thrives

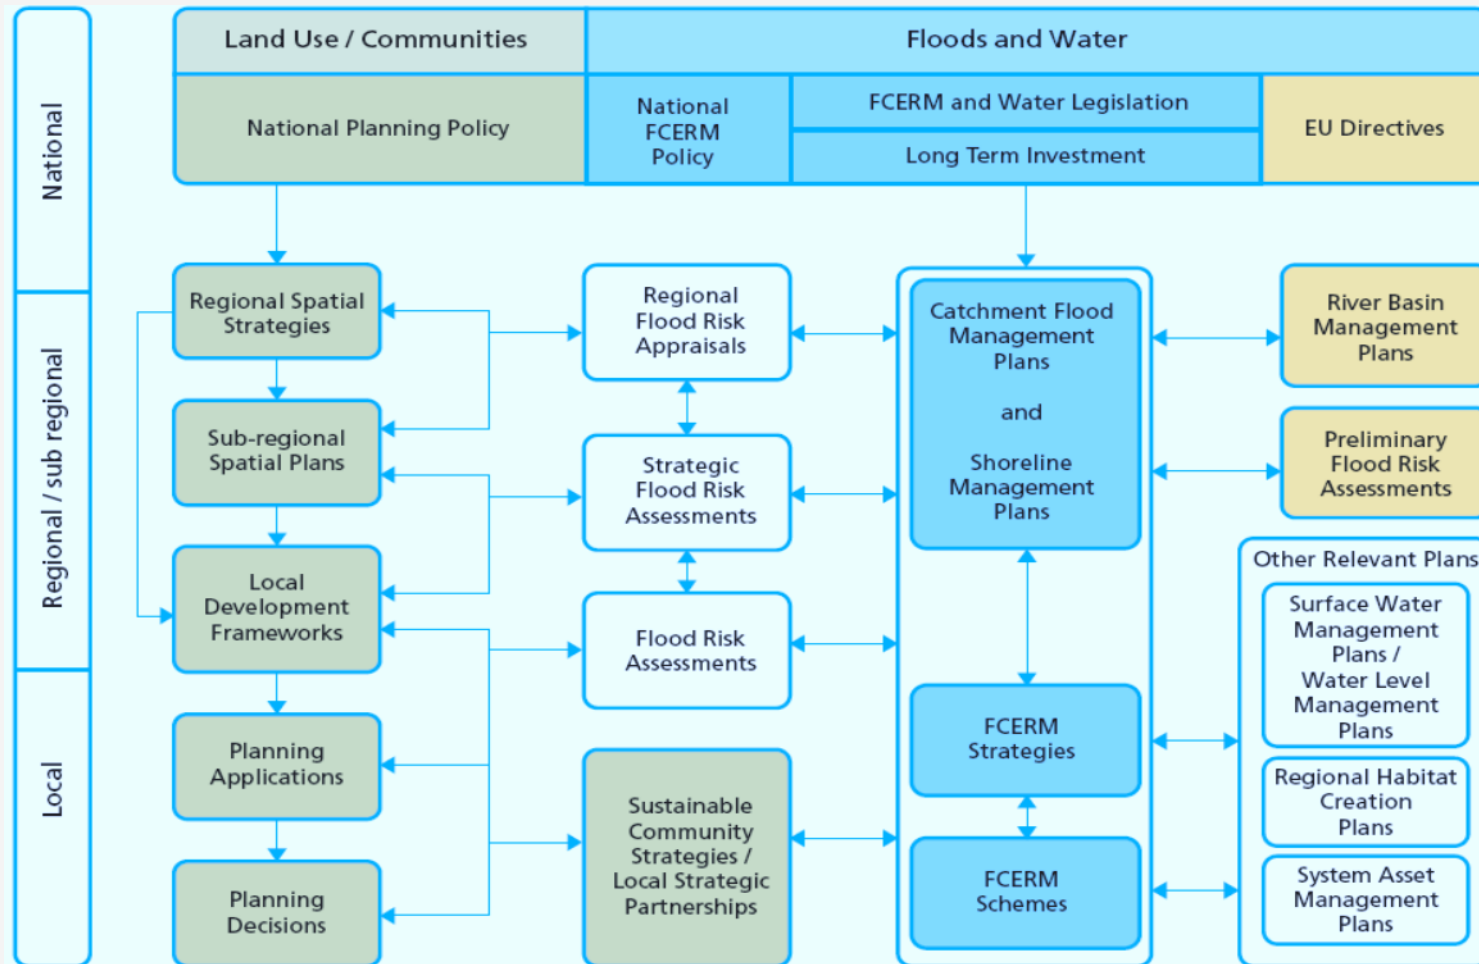

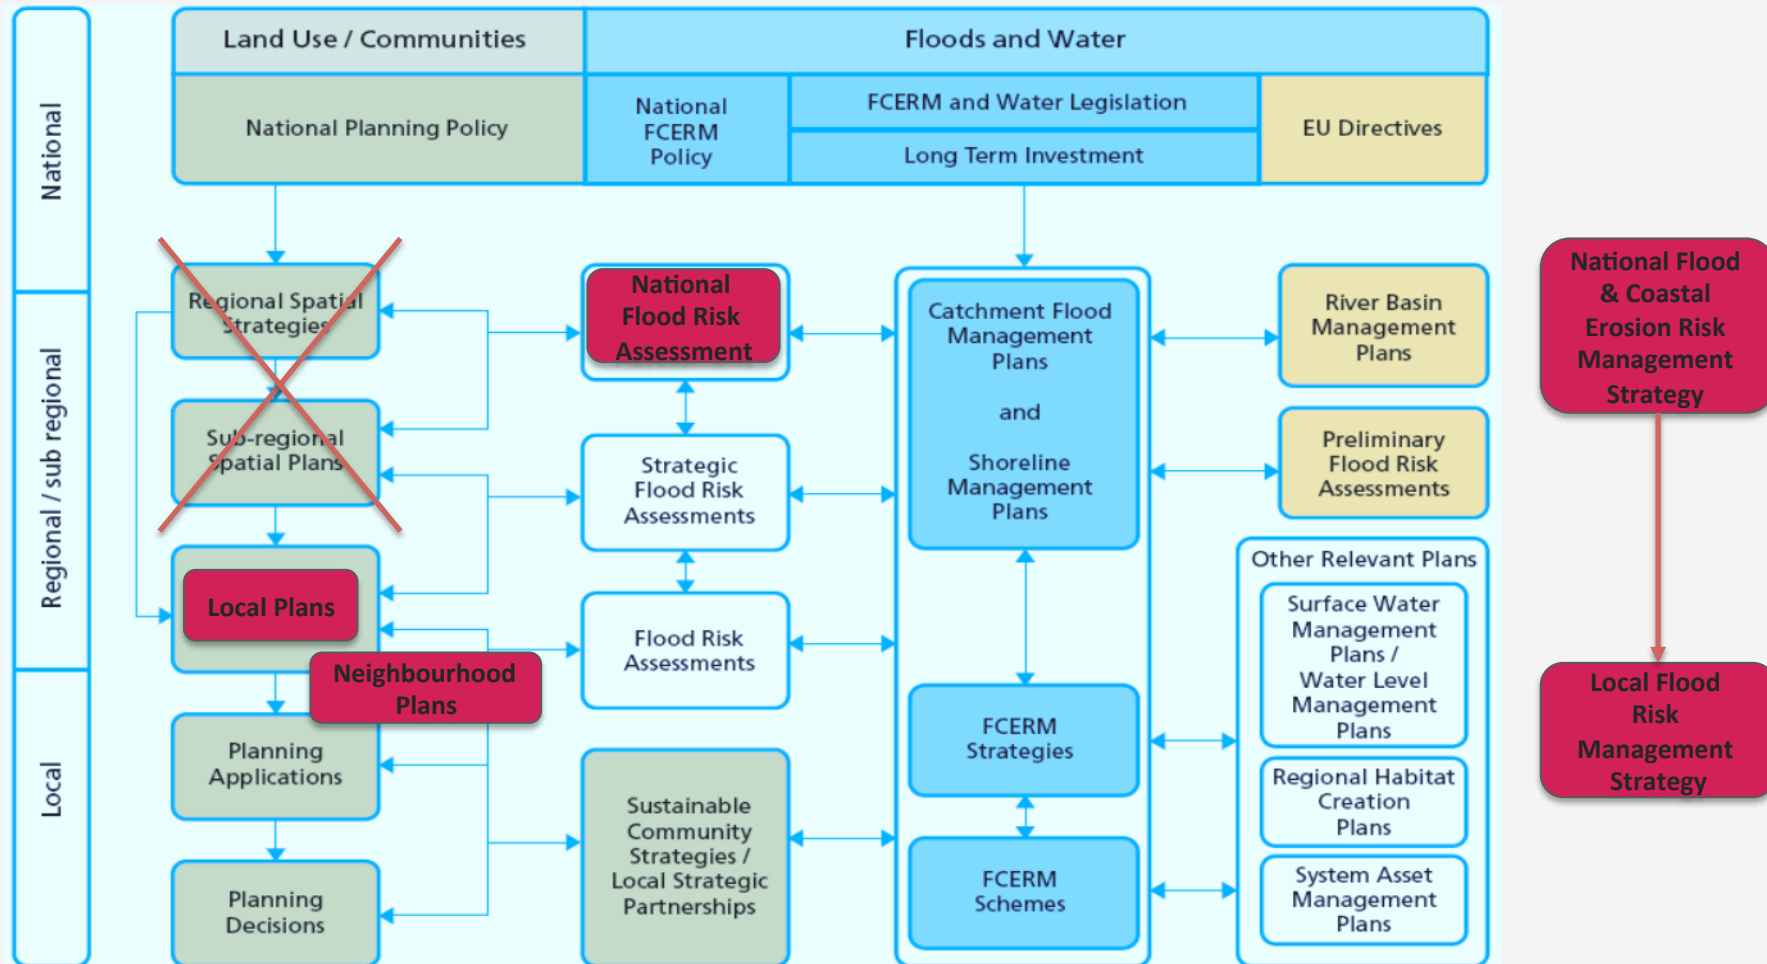

Overview

- Evolution of the strategic policy framework
- Developing plans & policies
- Challenges for delivery
- What will the future hold?

Strategic policy framework (pre-2010)

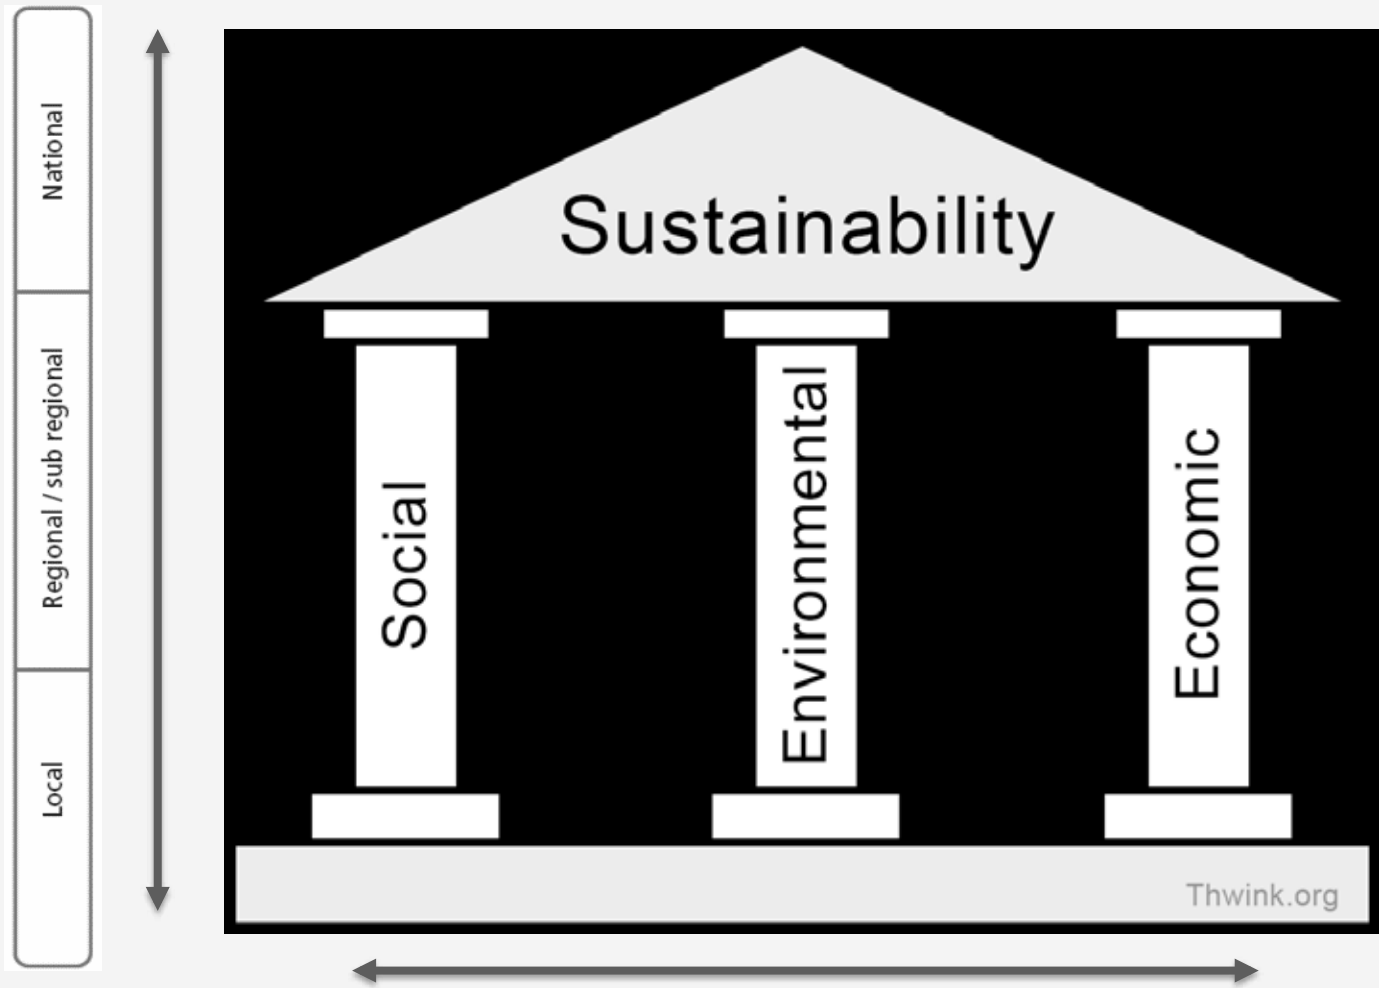

Strategic policy framework (post-2010)

Developing plans & policies

A fine balancing act!

A city of opportunity where everyone thrives

Challenges for delivery

- Funding & resources
- Ad hoc legislation/policy
- Non-statutory nature of certain policy
- Linking various strategies/plans – difficulty with timescales
- Meeting Government housing targets without increasing risk
- Multitude of responsibilities & different ownership
- Climate change
- Existing infrastructure
- Future infrastructure

What will the future hold?
